MEMORANDUM FOR: Deputy Director for Administration

FROM : F. W. M. Janney  
Director of Personnel

SUBJECT : Use of the Autopen for Admiral Turner

Jack:

As you know, previous Directors have authorized the Director of Personnel, under controlled conditions, to use the autopen to affix their signatures to Longevity Award Certificates, Retirement Certificates and Certificates of Exceptional Service. In addition, the autopen signature has been used for signing Honor Award Certificates after a particular award has been approved by a competent authority. In these cases the award has already been approved by either the Director, Deputy Director or one of the operating Deputy Directors; and the use of the autopen signature for the certificates is a timesaver for both the Director and those concerned with processing the awards.

In the matter of retirement letters, all Directors with the exception of Dr. Schlesinger elected to personally sign these letters. In this case we used the autopen.

When you deem it appropriate, will you take up with Admiral Turner the matter of using the autopen and advise me of the outcome. We will need four signatures, one on each of the attached cards. This will enable us to select the best signature. The cards should be signed with black fountain pen ink. After receiving the signatures, we can usually have the signature for the autopen reproduced within seven working days.
